Art Unit: 1614

Claims 1-3 and 22 are presented for examination.

The Reissue declaration and amendments filed on July 7, 2003 have been received and entered.

Claims 1-3 are again rejected under 35 U.S.C. 112 first paragraph for the reasons set forth on pages 2 and 3 of the office action of April 4, 2003.

Claims 1-3 and 22 are rejected under 35 U.S.C. 103 for the reasons set forth on Pages 3 and 4 of the office action of April 4, 2003.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant's arguments regarding the 112 first paragraph are not well taken, considering that the specification only mentions that Z is a "cyclic aromatic aliphatic group" therefore, necessitating an exhaustive search for the embodiment suitable to practice the instant invention. Applicant's arguments regarding the 103 rejection are not also well taken, since applicant's specification equates cyclic and non-cyclic aromatic radical and there is no evidence of record to support the unexpected nature of cyclic aliphatic radicals. Thus, for the above reasons the prior rejection sustains.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1614

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
